Making an Application

HOW TO APPLY

The application process for the course is very straightforward and involves the completion of one main form and uploading a number of documents. Please submit the following online at the time you make your application:-

1. *Application Form*: This is the form that you complete online. It asks you for contact details, details of your degree(s) to date and where they were completed, information about English language competency and vocational experience. You are asked to supply names and contact email addresses of two referees; we suggest that you contact your referees in advance of submitting your application, requesting that they provide you with a reference and to tell them that they will receive an email from Trinity College Dublin requesting such a reference. The reference is sought by the College and it is also sent to us online and can be accessed by us as soon as it is uploaded. This form can be completed over a period of time; you can start the form, then save it, then return to it to complete it.
2. *Transcript(s)*: We require a full transcript of your primary degree and of any subsequent educational courses (obtained from a university or other institution where you completed these studies): such transcripts are generally readily available from Universities and Colleges and the staff concerned are usually familiar with the necessity for such transcripts. Your transcript for your undergraduate degree or equivalent is important.
3. *Curriculum Vitae (CV)/Resume*: it is important that you include this, even if it includes many details already included in your application. The key aspects of this are your overall record of study, work and extracurricular activities to supplement the other documents.
